

Pre-AP Biology
(4/14 - 4/18)

NEXT WEEK, APRIL 21-25, WE WILL BE CONDUCTING FETAL PIG DISSECTIONS. IT IS OF UTMOST IMPORTANCE THAT YOUR STUDENT WEAR APPROPRIATE CLOTHING. THE PIG LAB PRACTICAL (TEST OVER PIG DISSECTION) WILL TAKE PLACE ON APRIL 28TH.

Monday 4/14/07

Objective: Students will demonstrate mastery of plant classification, structure, and reproduction.

Agenda: Plant Test

Homework: Finish Body Systems Project. Due Tuesday, April 15th.

Tuesday 4/15/07 **Body Systems Project Due.**

Objective: Students will work in groups to prepare presentations on a specific body system.

Agenda: Group work on body system.

Homework: Finish body system presentation.

Wednesday 4/16/07; Thursday 4/17/07

Objective: Students will present body systems projects and take notes in preparation for dissection next week.

Agenda: Body systems presentations.

Homework: Read pig dissection packet.

Friday 4/18/07

Objective: Students will present body systems projects and take notes in preparation for dissection next week.

Agenda: Body systems presentations.

Homework: Finish reading pig dissection packet.

Wear appropriate clothing to begin pig dissection Monday.

Note: All lesson plans are subject to change. Instructions given in class take priority over information posted on the website. As always feel free to email Ms. Hutcheson with questions: ahutches@houstonisd.org
